Department of Computer Science

COS731 Theory assignment

Date handed out: 31 August 2015  Due date: 30 September 2015
Total: 50 Marks

This is an individual assignment.

Conduct an investigation (research) into Web services and answer the following questions:

1. What is a web service?
2. What standards are used for web services?
3. What technologies are used for web services?
4. What is the role of web services in modern software architecture design?

Your submission should be in the form of an essay. The length of the essay should not exceed four typed pages (for a 12-pt font) plus one page for references.
