Cyber security awareness

Internet self defence
- identity theft
- smishing
- phishing
- botnets
- computer viruses
- internet
- hacking
- cookies
- social engineering
- cyber bullies
- Trojan horses

WANT TO KNOW HOW TO PROTECT YOURSELF AND YOUR COMMUNITY FROM THIS?

Contact us!
Volunteers and project sponsors needed!

What is in it for you?
- Helping with community development and knowledge building
- Ensuring a safer, more cyber secure South Africa
- Working with cyber security professionals
We have developed a training module that can easily be adapted for different user groups. The current modules include:

- Primary schools
- Secondary schools
- Further Education Training colleges
- University (technical and non-technical)
- Community centres
- Support staff
- Educators/Teachers

**Module themes**

**Physical Security**

**Malware and countermeasures**

**Safe Surfing**

**Social aspects of cyber security**
A fun way to learn!

Board games, computer games, pop-quizzes
A collaboration project between the Council for Scientific and Industrial Research and the University of Venda
